TERM 2

WEEK 3

SUPERLATIVES

***We use superlative form to compare and contrast different objects in English.** Use the superlative form when speaking about three or more objects to show which object is 'the most' of something.

Ex: These days are **the happiest** of my life.

This is how we construct superlative forms in English.

- If the adjective has only **one syllable**, add '**-est**' at the end of the adjective .

EX:	cheap	cheapest
	clean	cleanest
	cold	coldest
	small	smallest

- If the adjective which has only one syllable ends **with a consonant** after a **vowel**, double the final consonant add '**-est**' at the end of the adjective.

EX:	hot	hottest
	big	biggest
	fat	fattest
	sad	saddest
	wet	wettest

- If the adjective ends with “**y**”, drop the “**y**” and add “**-iest**”

EX:	funny	funniest
	dirty	dirtiest
	easy	easiest
	funny	funniest
	happy	happiest

- If the adjective has **two or more syllable**, add “**more**” before the adjective .

EX:	beautiful	the most beautiful
	comfortable	the most comfortable
	interesting	the most interesting

*We use “**the**” before the superlative form.

EX: Tata is **the cheapest** car in the market.

Antalya is **the hottest** city in Turkey.

Cem Yılmaz is **the funniest comedian**.

This chair is **most comfortable chair** in the room.

A few adjectives in English have **irregular** superlative forms.

EX: bad worst
good best
little least
much/many most
far farthest
