WEEK 8

SIMPLE PRESENT TENSE

We use Simple Present tense to talk about...

- a) *routine actions* : Sally wakes up at 8 o'clock every day.
- b) *habits (hobbies)* : I play Grand Theft Auto 4 every evening.
- c) *scientific facts* : Water boils at 100° C.

AFFIRMATIVE SENTENCES IN SIMPLE PRESENT

We use **VERB 1** in affirmative sentences in Simple Present Tense. But when we use the Simple Present Tense with **he, she, it** we add "s/es" at the end of the verb.

Ex: I **live** in Çekmeköy. BUT My sister (she) **lives** in Ataköy.

Study the chart below

I	work in Istanbul.
You	always eat eggs for breakfast.
He / She / It	sleeps at 10 o'clock in the evenings .
We	own a restaurant in Urla.
You	sometimes play football with your college friends.
They	visit their grandmother every weekend .

NEGATIVE SENTENCES IN SIMPLE PRESENT (with **I, we, you, they**)

In Simple Present Tense we use the helping verb "do" and "not" to make a negative sentence (with a verb other than *verb to be*).

AFFIRMATIVE	NEGATIVE	CONTRACTION
I live in Istanbul.	I do not live in Istanbul	I don't live in Istanbul.
You wake up early every day.	You do not wake up early every day.	You don't wake up early every day.
We go to Bodrum every summer.	We do not go to Bodrum every summer.	We don't go to Bodrum every summer.
They often go to the cinema.	They do not often go to the cinema.	They don't often go to the cinema.

We use the helping verb "does" (do+es) and not to make a negative sentence in Simple Present Tense.

AFFIRMATIVE	NEGATIVE	CONTRACTION
My father watches TV every night.	My father does not watch TV every night.	My father doesn't watch TV every night.
Jake's mother works at the General Hospital.	Jake's mother does not work at the General Hospital.	Jake's mother doesn't work at the General Hospital.
My dog sleeps on the floor.	My dog does not sleep on the floor.	My dog doesn't sleep on the floor.

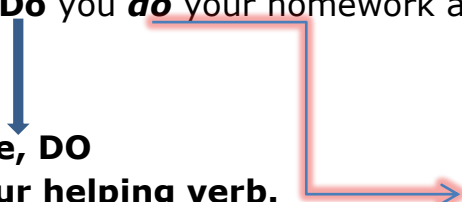

YES / NO QUESTIONS

In English, we use the helping verbs **DO** or **DOES** to make questions in the Simple Present tense. They have no translation in Turkish but we have to use them to make both YES / NO and WH- questions.

****WARNING****

In English we also use DO as a verb. Try not to confuse **verb do** with the **helping verb do**.

EX: **Do** you **do** your homework after dinner?

Here, DO
is our helping verb.
We use it to show
that this is
a YES / NO question
in Simple Present Tense

Here, DO is the verb in our question.

****WARNING****

Sometimes students confuse verb to be with DO and DOES. DO NOT forget that **verb to be** is different from the other verbs and can form questions and negatives without a helping verb.

Study the examples below:

EX: My mother **is** a teacher.
Is your mother a teacher?

*The verb in the above sentence and question is **is**.

EX: My mother **works** at Marmara University.
Does your mother **work** at Marmara University?

*The verb in the above sentence and question is **work**.

We use **does** as a helping verb, to ask a question in the Simple Present tense.

****If you have a verb in Simple Present tense other than **verb to be**, then you must use a helping verb (**do or does**) to ask a question or to make a negative sentence.**

GIVING SHORT ANSWERS TO QUESTIONS

You can give short answers to YES / NO questions in every tense in English. Now that you know how to use the helping verbs **DO** and **DOES**, it will be very easy.

Study the example below:

A: Do you like strawberries?

B: Yes, I do.

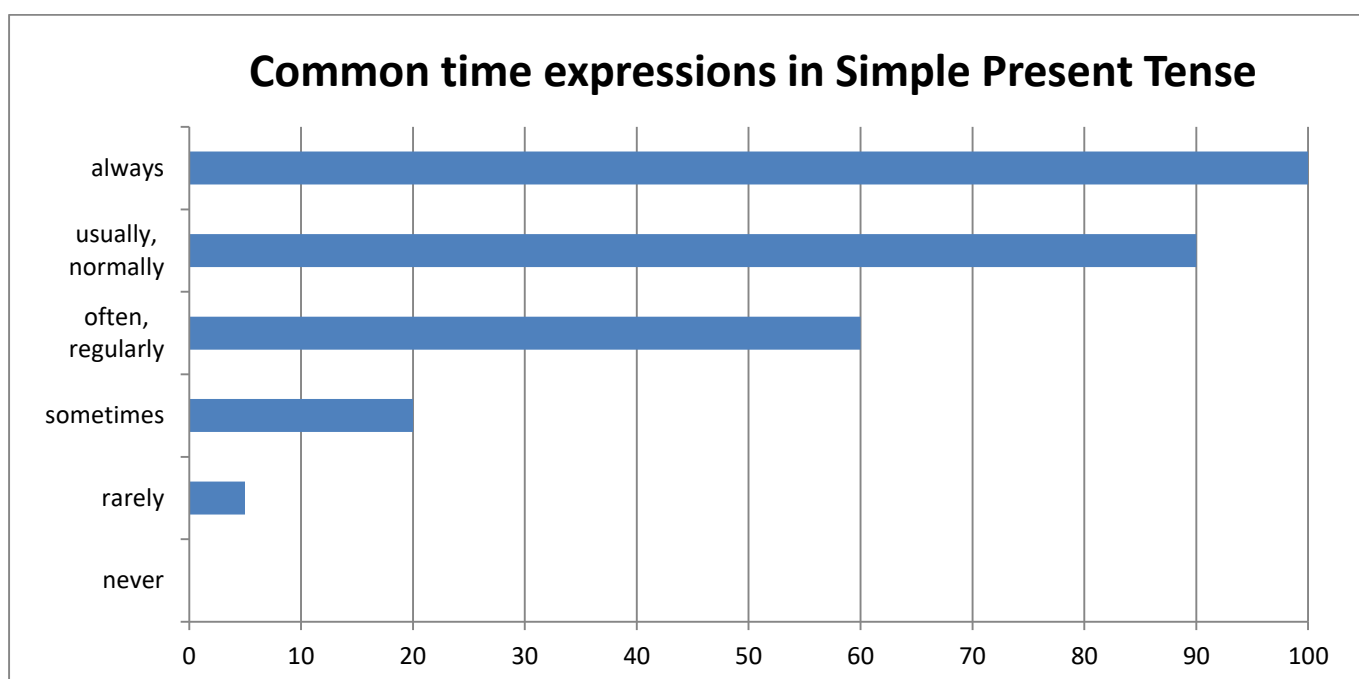

↓
Here, **DO** is our helping verb, and it helps us give a short answer to a question. The subject of the sentence is **I** and the helping verb that can be used with **I** is **DO**. And we want to give an affirmative answer, so we say YES, and therefore we use **do**.

A: Does he live in London?

B: No, he doesn't.

↓
Here, DOES is our helping verb, and it helps us give a short answer to a question. The subject of the sentence is **he** and the helping verb that can be used with **HE** is **DOES**. And we want to give a negative answer, so we say NO, and therefore we use **doesn't**.

FREQUENCY ADVERBS

We can also use time expressions, such as...

every day, every night, every summer...

once a month, three times a week, twice a year...

every Monday, on Tuesdays, in the summer...
